

Resume

Online version: github.com/kingcos/Resume

Personal Information

- Name: Mai Ming
- Gender: Male
- Phone Number: +86 171 3379 1334
- E-mail: kingcosv@hotmail.com
- School: Nanyang Institute of Technology (Undergraduate)
- Department: Software Engineering
- Grade: Junior (2014 - 2018)
- Location: Shanghai
- Position: **iOS development**

Skills

1. Familiar with Swift, known about Objective-C, and known about iOS development basics;
2. Known about Java, Android & J2EE development basics;
3. Known about Git, RxSwift & Sketch.

Experience

The following projects are all open source on github.com/kingcos.

- [GXQ System - Deal with Design/Back end/Android/iOS](#)

MVVM architecture. It implemented how user to browse or publish plans, and information management of staffs.

- [WWDCHelper - A Swift command line tool](#)

This helper is developed in Swift. It can get WWDC 2017 sessions info, and download subtitles, then transform to SRT format.

- [OFO Copy - Deal with iOS App](#)

MVC architecture. I learned a lot from OFO, such as the basic UI, how to locate some place by GaoDe map API, how to find the bike, and the logic of inputting and dealing with the passcode.

- [Blog - https://maimieng.com](https://maimieng.com)

Summary and share some experience during coding. Because of some reasons, I usually publish my article on [JianShu.com](https://jianshu.com). Sometimes I would publish some great ones on [JueJin.im](https://juejin.im).

Others

- CET-4 532 & CET-6 493, not too bad at reading in English;
- 2015 - 2016 China National Scholarship;
- Love technology & code clearly;
- I hope your company or department values technique, and is open mind.
